

THE WAY

Acts 9:32-42

Read Acts 9:32-42 as a group. What stands out to you? What surprises you, encourages you, challenges you, or raises questions?

What do you notice about Peter in these two encounters? What do his actions, words, and responses reveal about the way he is following Jesus?

What do these stories reveal about Jesus and the way He continues to work through His followers?

Tabitha is described as a disciple who was always doing good and helping those in need. What does her life show us about what it looks like to follow Jesus? How might that challenge or expand our understanding of discipleship?

Peter had spent years watching and learning from Jesus. Now we see him responding to people in ways that reflects Jesus. Where have you noticed the things you're learning from Jesus beginning to shape the way you actually live? Where do you find it more difficult to put what you know into practice?

Peter was the one who went, spoke, and prayed, but he depended on Jesus to do what he couldn't. Where in your life are you tempted to rely on your own ability rather than depending on Jesus? What might dependence on Him look like in those situations?

As you reflect on this passage, what is one thing you sense Jesus inviting you to practice rather than simply know? How can the group pray for you as you take that step? Take time to pray together as a group.
